

High Bay / Smooth surface / PD-A-VHB

With its flat shape a smooth surface for easy cleaning and preventing dust and water accumulation on the heat sink, perfect for dusty and dirty locations, this durable, high quality lighting is energy efficient and maintenance free. Lightweight, its power and CCT are selectable.

Perfect for dusty and dirty environments. Features an adjustable “Plug and Play” motion sensor option that can be installed quickly.

Model	PD-A-VHB-120	PD-A-VHB-240
Power	80 W – 100 W – 120 W selectable	
Lumens	180 lm/W or 145 lm/W	
Input voltage	AC 100 – 277 V / AC 200 – 488 V	
Beam angles	60° / 90° / 120° and reflector	
IRC	75+ (80+ optional)	
CCT	3,000K / 4,000K / 5,000K selectable	
Light source	Lumileds 5050	
LED driver	Sosen / Meanwell	
Power factor	≥ 0.95	
Distorsion	< 15%	
Overvoltage protection	10 kV	
Operating temperature	-30°C ~ +50°C	
Dimming options	Dimmer 1-10 V / DALI / Zigbee / Bluetooth / Brightness sensor / Motion sensor	
IP	IP65	
Service life	50,000 h	
Dimensions	370 x 370 x 200 mm	450 x 450 x 200 mm
Weight	2.2 kg	3.3 kg
Warranty	5 years (10 years optional)	
Colour	Black (silver, white optional)
